

## SNOW DAYS

The school will only close if it becomes unsafe for pupils and staff to travel. If we have to close, it is important to keep busy and not waste this time. However, we know you will still want to have fun - and that is definitely allowed!! Here are some suggestions for things to do if the school is closed due to bad weather:

Read your reading book/novel. Think about your Keys to Literacy and try to complete an activity for your reading e.g. William Wordsworth, Word Wizard, Quiz Master

Keep a diary of your activities and feelings.

Watch a film or TV programme and write a review, or draw your favourite part.

Take interesting photographs of fun in the snow.

Practise your multiplication tables, or number bonds.

If it's been snowing, measure how deep the snow is and the temperature each day. Record this and bring your results in to school.

What do you see from your bedroom window? Draw a picture and write about it. Can you put in some amazing adjectives and some vibrant verbs?

Complete a mini-project on a topic of your choice.

Do a craft activity such as making a snowflake, knitting a scarf, or cooking something. Write some instructions for your activity, and illustrate them.

Write a letter to an imaginary friend who lives somewhere hot and has never seen snow

If you have a computer with the right software, see if you can make a film or an animation of your own.

Read a newspaper or look at the Newsround webpage:
